Team selection is solely at the discretion of the coach at the varsity level. Team selection at the Middle School level is at the discretion of the head coach, however, at least 60% of the team must be comprised of KHCS Students and no full-time student can be displaced by homeschool athletes. Homeschool students must apply annually to play and meet all criteria established for homeschool students. Once a homeschool student is selected to play on a team, they will remain on that team for the season as long as they comply with school, athletic department and team policies. The Athletic office and the Administration will review any exceptions to these stipulations. Full application is due along with all sports forms (when applying to play a sport) and then upon approval an athletic fee **once the student is notified of having made the team.** Students will not be able to begin athletic practice or participate in any athletic competitions until required paperwork and fees are received. There **will not** be any type of refund in full or partial for seasons impacted due illness, injury or any other unforeseen event. No limit for the number of sports (additional fees will apply for each subsequent sport). Off-season conditioning is expected for all athletes.

KHCS has membership in the GAPPS and GCAA and competes for district, regional and state championships each year. It is the desire of our athletic department to field the best possible teams at the varsity and middle school levels to help us compete and win championships.
