

# ANNUAL FUND RECAP

Parents, alumni, and friends, once again thank you for your generous contributions to the 2021 Annual Fund Campaign. It was an exciting time on campus during our pledge week, as students flooded carpool with breakfast and cheers. We are excited to announce our totals from pledge week and we hope to continue this momentum through the rest of the school year.

We are thrilled to see last year's funds already transforming our campus. The Elementary Playground enhancements are now complete, and the students are enjoying the additional new play structures. The various technology enhancements to our classrooms and updates to our outdoor recreation areas have been a great addition to the overall student experience at KHCS.

Due to your generosity, we were able to raise close to \$25,000 during our Annual Fund Campaign month. Our Annual Fund goal of \$100,000 will allow us to fund this year's projects which include plans to update the Kindergarten Playground and make significant enhancements to our Science Lab.

If you have not yet participated in the Annual Fund, there is still plenty of time to make an investment into the lives of students at KHCS. Click [here](#) if you are interested in giving a single one-time gift. If you are interested in becoming a monthly donor please sign up to become a Changemaker by clicking [here](#).
